Interview with License

Overview

We want to make sure that you got what it takes to be a **HERO** - and we do this through our **Onboarding Interview**! This is our chance to connect with you, get to know your caregiving background, and share what it means to be a **KARE HERO**! It’s more than a phone call; it is our way of welcoming you into the KARE community!

The **Onboarding Interview** helps us understand your experience and values so we can ensure you're a great fit for the residents and communities you’ll serve. Our goal is to create a meaningful experience for you while answering any questions you have about KARE, the app, or what’s next in

your process.

Onboarding Interview

The **Onboarding Interview** is a key part of the KARE experience. It's a quick conversation (about 10 - 15 minutes) with one of our KARE Connectors who will:

- Introduce you to how KARE works

- Review your onboarding steps
- Remind you of required documents for your state with links and tools to help you gather them
- Answer any questions you have
- Make sure you feel confident and supported moving forward
- What to expect once you're officially a HERO, including a **Welcome Call**

This conversation is an important part of building trust as you begin working with KARE. Don’t worry, it’s a friendly conversation, not a formal interview! Our goal is to support you and make sure you have everything you need to move forward.
