Overview

Do you love working with KARE so much and want your friends to join?

Not only can you invite your friends to join KARE, but you can also earn extra money if they work shifts! **KARE Club** is our unique referral program!

KARE Club Process

When you **refer** a friend who joins as a "**HERO**," you get a **bonus**.

KARE Club is the official referral program in the **KARE Heroes App**. When you refer a friend who joins as a HERO, you become their S**uperHERO** and they become your **Sidekick**.

- You earn **KARE Cash** every time your Sidekick works a shift.
- KARE Cash can be converted into real cash.
- The more Sidekicks you refer and the more you work, the more you earn.

You must work at least 4 shifts per month to receive KARE Cash from your Sidekicks.

KARE Club in the App

To get to KARE Club, locate the option on the bottom of your navigation bar. In this section, you will find an overview of your earnings and performance, including:

- **KARE Cash Earned per Month:**

  Displays the total amount of KARE Cash earned for the current month.

- **Potential Earned**:

  Shows what you could earn if you worked at least the same number of shifts as your sidekicks.

- **Total Earnings to Date**:

  Lists the total amount of KARE Cash earned

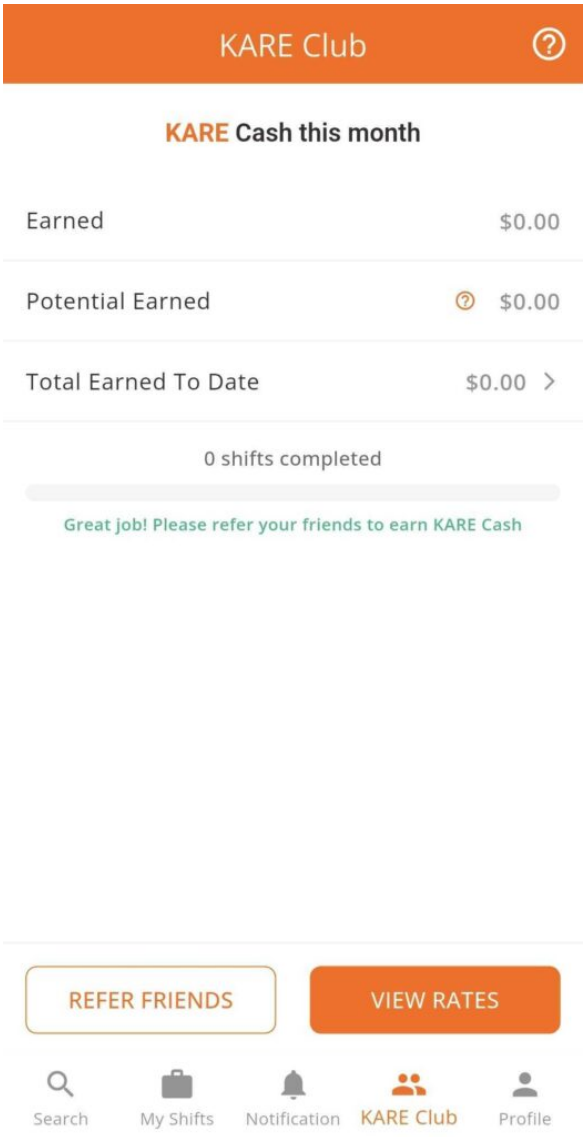

- **Completed Shifts**:

  Shows the number of shifts you have completed this month. To earn KARE Cash from Sidekicks, you must complete at least 4 shift each month and your sidekicks work shifts.

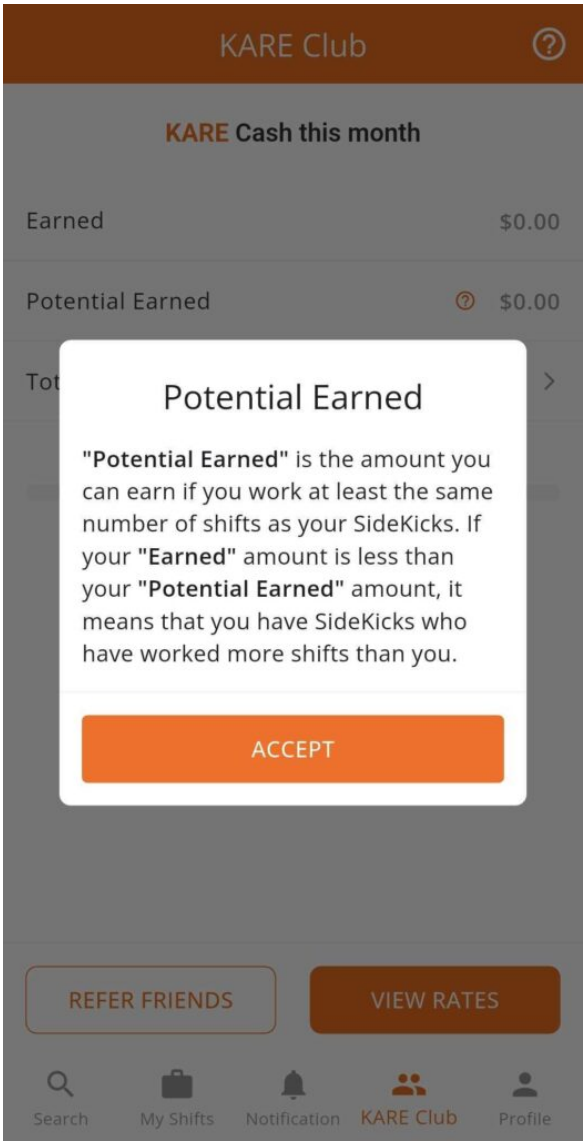

- **Sidekick Performance:**

See how many shifts each Sidekick has worked.

Refer more friends or view referral rates by tapping the buttons at the bottom.

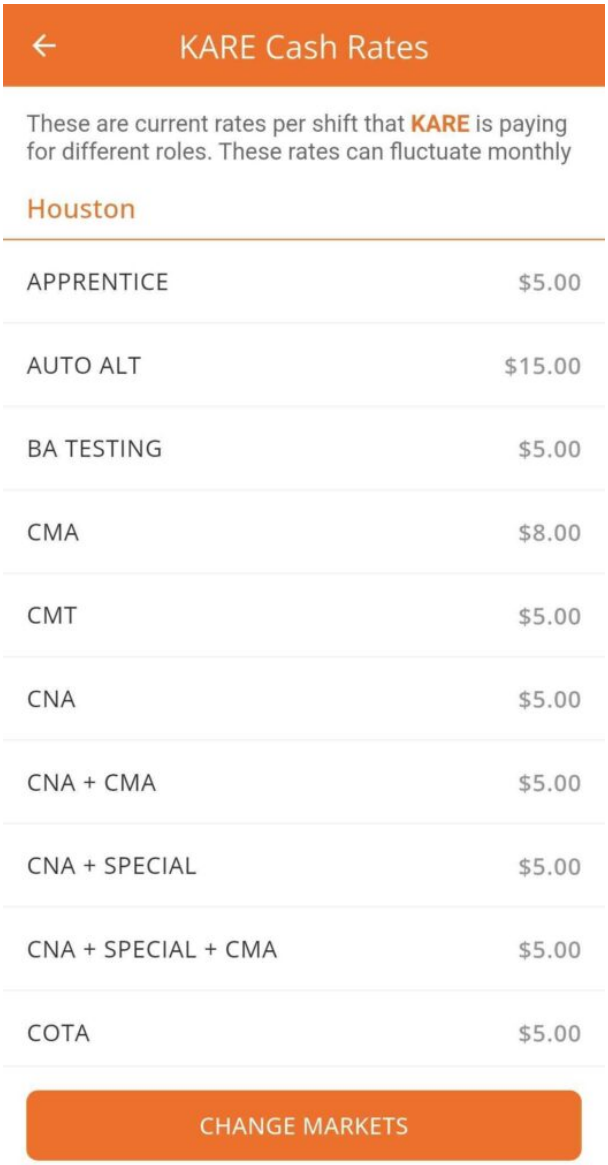

Tap the **"?"** icon to view how **Potential Earned** is calculated.

Tip: To reach your full earning potential, try to match or exceed your SideKicks' shift count. If your *Earned* amount is lower, some of your SideKicks have worked more than you.

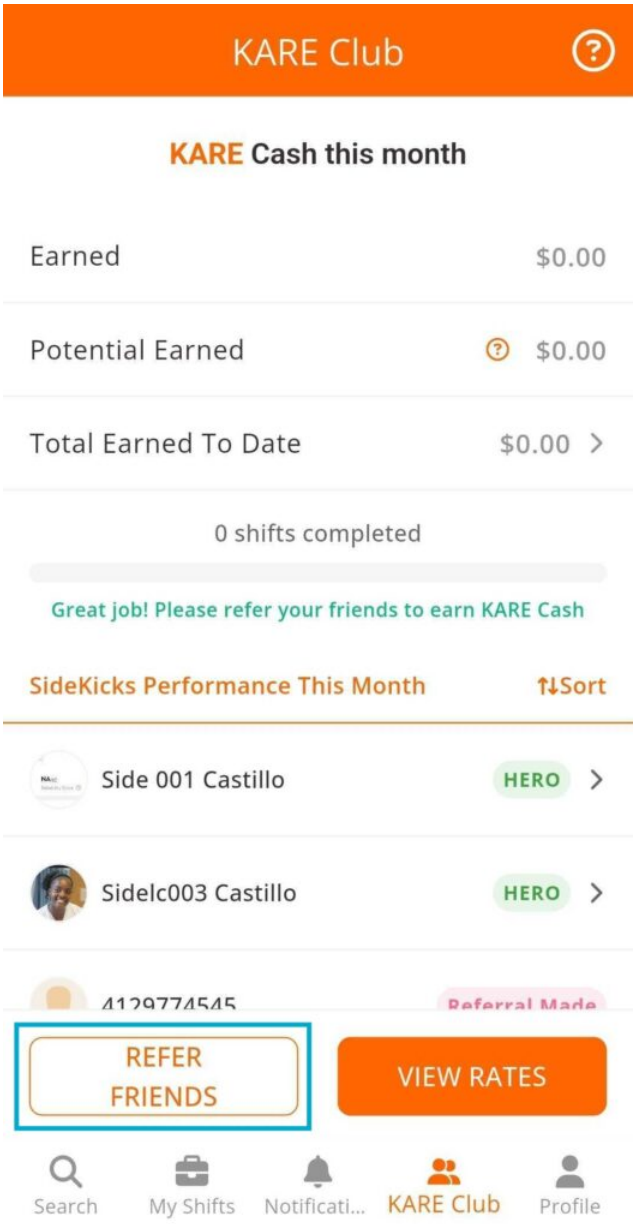

Viewing Referral Rates

The **View Rates** button provides detailed information on the KARE Cash rates for each role, based on the selected market. This allows you to see the pay rates for different positions in your area.

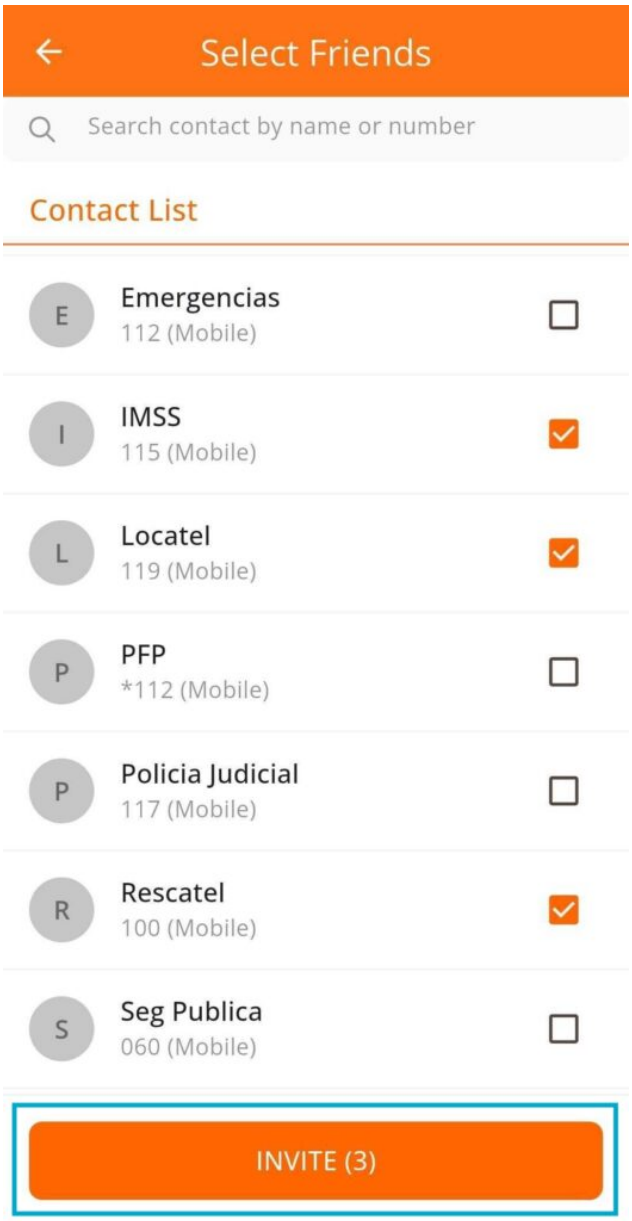

How to Refer your Friends

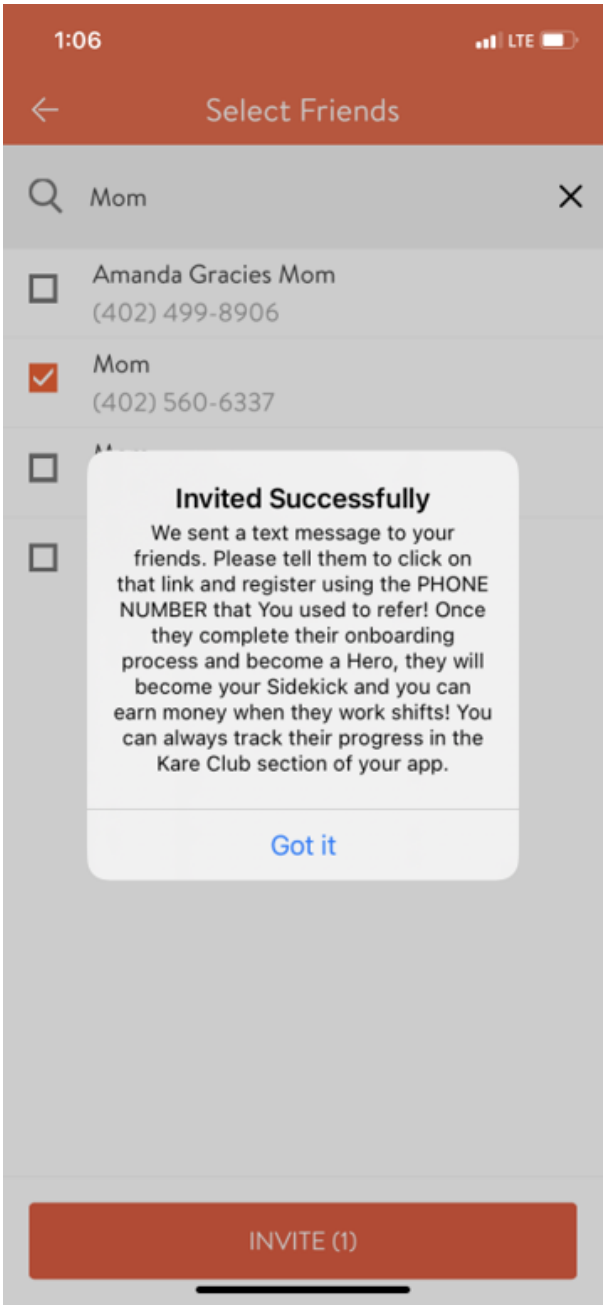

To invite your friends to join KARE, tap the **Refer Friends** button. You will be prompted to allow the app to access your contacts, making it easier to invite friends directly from your list.

Once you have selected the friends you would like to invite, tap **Invite** to send the invitation.

You will get a confirmation message:

KARE Club is a great way to earn extra income by referring friends to join the HERO community. By tracking your KARE Cash and performance in the app, you can stay on top of your earnings and see how your sidekicks are performing. The more friends you refer, the more you can earn!

If you need further assistance or have questions, KARE Support is always available to help!
